

Somerton Dwelling Transforms Spaces With Striking Style Statements

Corona, CA., April 16, 2016 – How do you make a room go from ho-hum to oh-wow? Add an eye-catching statement piece that reflects your own personal sense of style. Combine finishes and textures to create a curated or acquired look dazzled by stunning jewelry-like hardware. It's perfect for those who don't want to wait but rather want a room finished now.

Mid-century lovers will appreciate **Luci's** sleek modern aesthetics. The dramatic Champagne Gold custom hardware on the chic Grey Flannel or rich Sable Stole (shown) finished cabinet sets it apart while presenting an uptown look.

Eye-catching Milky Way White, Black Galaxy or Blue Moon finishes with infinity shaped nickel pendant hardware makes choosing just one shapely **Jolie** cabinet a difficult task. Bedroom, foyer or family room, Jolie is sure to be the focal point commanding attention wherever she stands.

High fashion Gray Desiree (shown) or Bourbon finish with dark gray hexagonal pendant hardware is the secret to **Nola's** striking success. The drop down front top drawer reveals outlets that are perfect for storing and charging laptops, phones or other electronic devices. Use it as a TV console in the bedroom or family room.

Jasper's Shitake (shown) or Molasses textured parquet veneers provide a subtle backdrop for the pewter hexagon shaped knobs. Jasper's earthy finishes are a natural counterpart for many of today's intense colors statements.

Mix in the **Juno** storage chest highlighted with an enchanting Darjeeling (shown) or rich Cup 'O Joe finish and oil rubbed bronze hardware. It makes a classic room statement used in the bedroom as a nightstand, dining room as a server or family room as a game storage chest.

Toria is proof that bigger is not always better. The petite curved front chest is at home in every small space from the foyer to the bathroom. Her jewelry-like custom brushed brass pendant hardware adds the finishing touch to the scrumptious Chocolate Cordial finish.
